AUGUST

CCCGC
The President's Platform
Grover Mudd, President

Dear Members,

1. With the **COVID-19 still in our midst, our office has opened on a very limited basis** according to the requirements of the Cultural Center. Thus, we are open Monday thru Friday, 10 a.m.—2 p.m. only. At this point all **members must: a) call ahead, b) enter through the Cultural Center front door, c) wear a mask and d) will be checked for temperatures.** So, if you are bringing in equipment that you cannot personally carry to the office, someone will meet you at the door with the cart if you let us know when you call ahead.

2. **Please watch the website and your emails** for update information. Until then, if you call the office, please leave a message including your name and phone number. Messages are checked daily.

3. We continue to have a limited number of **refurbished desktop computers** (fully updated Win10, monitor, keyboard and connecting wires) that we are offering to **members only for a reduced price of $50.** If you want one of these computers, send an email to: **cccgcoffice@gmail.com** labeled "$50 Computer". This is a first-come-first-served offer while they last.

4. It is time to start thinking about **nominations for the 2021 Board** officers president, vice-president, secretary, treasurer) and directors (5). You can nominate yourself or someone else (with their permission) via the office email: **cccgcoffice@gmail.com** labeled "2021 Board Nominations". Linda Corrick will coordinate this year's nominations. This is a great opportunity to get more involved in CCCGC.

In the meantime, please stay safe and healthy.

Grover

Guidelines for Attending Classes

Please be sure to notify the instructors or Office when planning to attend class by either email or the online entry signup form.

Computer Tidbits & Information

APCUG Possibilities for CCCGC Members
From George Kopenec, CCCGC Vice-President

Greetings from Charlotte County Computer Group Corp. (CCCGC). As the Corona Virus continues to get worse, it seems like an August meeting seems unlikely. We need permission from the Cultural Center for a gathering more than ten people.

As members of **CCCGC** you are automatically associated with Association of Personal Computer User group (**APCUG**).

APCUG is offering free **ZOOM** classes and presentations throughout the month. Attached is a link to their available classes. The instructors are from all over the country and beyond, from as far as Hawaii and Australia.

There is really something for everyone. Each class has instruction of how to sign up for the sessions.

To participate with the classes. you must have Zoom. Zoom is available for PCs. Androids and Apple devices. It is also available for smartphones.

To get Zoom for your PC, it is available on Ninite, **https://ninite.com/** for Apple products get it in the Apple store. For Androids get it at the Google Play store.

Be sure to check out the **APCUG** website at **https://apcug2.org/** The list of classes with the dates and times can be viewed by going to the website . Remember, if you attend **ZOOM** classes from a State other than Florida, pay attention to the different time zones for checking in.

If you have any questions or suggestions, please send an email to: **cccgcoffice@gmail.com** and on the subject line put in **"HEY GEORGE'** so it gets forwarded to the right person.
