September Member Meeting Report

On September 1, 2020 CCCGC held its first meeting since March due to the pandemic. We attempted to use ZOOM and though we experienced some difficulties, we appreciate those who made an effort to plow through and join us at various times throughout the 3.5-hour event from the beginner class at 5:00 pm to the feedback session at 8:00 pm.

5:00 pm beginner Zoom—3 members attended this event led by George Kopenec for technology beginners

6:00 pm intermediate Zoom—14 members attended this event led by Dick Evans

7:00 pm Member meeting Zoom—23 participants attended this event led by both George Kopenec and Dick Evans

8:00 pm feedback session—

In an effort to keep some of the usual patterns of our member meetings, we began the 7:00 pm meeting with the Pledge of Allegiance followed by awarding the Volunteer of the Month as Jim Bridges who has been with the club for many, many years and assist in the tear-down room. He often takes things home to work from there in an effort to get more done.

George Kopenec then shared the "monthly favorites" for September entitled "Everything Search". This is a link to speedily find anything on your computer in case you have forgotten where you stored, saved and/or created it.

We then moved into the main presentation given by Dick Evans on Photo Scanning using a program entitled "ScanSpeeder".   There is a free program option or a paid version. Both will allow you to scan single or groups of photos at one time as well as edit, crop, label and other things.

Both the Monthly Favorites and the September presentation links can be found on the CCCGC.info webpage.

To round off the event event we held the "free" raffle using the names of the 23 participants. The following members were the lucky winners for the evening.
Raffels:

1. Barbara Troike—Huskey Hex Key Set

2. Floyd Bowser—Wall Charger

3. Kinga Cook—Luggage Scale

4. Rafaela Rozanski - 16 GB Flash Drive

At 8:00 pm George Kopenec led a feedback session for anyone wishing to put in their "2 cents" on the evening's experience as well as offer recommendations for future events.

All in all, though we had hoped for a larger number of members joining us, we are celebrating the fact that we are moving toward trying new technology since we are a COMPUTER club.

Thank you to all who forged ahead in trying this and we look forward to see you and more in future months.
