Members Helping Members

In 2021 we put a pause to the beginners help because of COVID and moving to Punta Gorda. We are now trying to rectify that, and we are starting new beginners Microsoft workshops.

There will be a limit of eight people per session so that everybody has a chance to get help and to help. This is a wonderful opportunity for users to get help with any problems that they have, and they will have the opportunity of getting help from other members of the club. We are Hoping that this will be a once a month or twice a month activity. Hope to see you all there.

Sign-up soon before it is too late...

An International Association of Technology and
 Computer User Groups

As members of CCCGC, you are automatically members of Association of Personal Computer User group (APCUG) who offer free ZOOM classes and presentations to members. However, you must register with them to attend. Check the website for course options and registration: <https://apcug2.org/>

APCUG past presentations can be viewed on YouTube. These are handy links for review if you attended them or had to miss the original presentation. Click the link below to see all the options.

Computer Tech Info

How to recover your Google Account or Gmail

If you forgot your password or username, or you can't get verification codes, follow these steps to recover your Google Account. That way, you can use services like Gmail, Photos, and Google Play.

Tips:

If you use an account through your work, school, or other group, these steps might not work. Check with your administrator for help.

To recover an account for a child under 13 (or the applicable age in your country) you can reset your child's password.

Forgot your password

Follow the steps to recover your Google Account or Gmail.

You'll be asked some questions to confirm it's your account. Answer the questions as best as you can.

If you have trouble, try the tips to complete account recovery steps.

Reset your password when prompted. Choose a strong password that you haven't already used with this account. Learn how to create a strong password.

Forgot the email address you use to sign in

To find your username, follow these steps. You need to know:

A phone number or the recovery email address for the account.

The full name on your account.

Follow the instructions to confirm it's your account.

You'll find a list of usernames that match your account.

Someone else is using your account

If you think someone is using your Google Account without your permission, follow the steps to recover a hacked or hijacked Google Account or Gmail.

Can't sign in for another reason

Computer Tech Info

How to recover your Google Account or Gmail

If you have another problem, get help signing in.

Recover a deleted Google Account

If you recently deleted your Google Account, you can follow the steps to recover your account.

Still can't sign in

Create a new account

If you can't sign in, try these tips for account recovery.

If you still can't recover your account, you can create a new Google Account.

Avoid account & password recovery services

For your security, you can't call Google for help to sign into your account. We don't work with any service that claims to provide account or password support. Do not give out your passwords or verification codes.
