President's Message Grover Mudd

Letter from the President

I hope those that attended our 1st meeting at the Family Services Center enjoyed our new location. I would appreciate any comments on how you like or dislike having our meeting there and also holding the meeting during daytime hours.

I want to apologize for the way our 1st meeting went with the sound system. We hope to have it working right for our next meeting. Please be patient with us while we get the bugs worked out.

We have to re-arrange the tables and chairs prior to the meeting and put them back to original settings afterwards. We would appreciate any member's help in doing so. We set-up starting at 2PM.

Hope life is treating everyone well.

Thank you,
 Grover Mudd

March 4, 2024 General Meeting Q&A Session

The March 4th Q & A session was brief. A couple of questions that came up were about browsers and search engines. What are they?

What's a browser?

From Wikipedia:

A **web browser** is an application for accessing websites. Think Chrome, Edge, Firefox

https://en.wikipedia.org/wiki/Web_browser

Here is a PC Magazine review of the best 5 browsers for 2024.

<https://tinyurl.com/4apwd9uf>

What's a search engine?

Wikipedia defines a **search engine** as a software system that provides hyperlinks to web pages and

other relevant information on the Web in response to a user's query.

Here's a link Wikipedia definition.

https://en.wikipedia.org/wiki/Search_engine

Promoting Computer Literacy and Education in Charlotte County. The largest gathering of computer knowledge in Charlotte County.

March 5, 2024 General Meeting Regular Session

The meeting began with the Pledge of Allegiance followed by welcoming guests and new members.

The presentation for the month of March was entitled Computers to the Moon. It's an interesting look at the use of computers in the early space program.

Member Drawings March 5, 2024

Joanne Pisaturo won a \$25 gift certificate while holding a ticket for Tony Flores. She is a former CCCGC office volunteer. Tony had to leave the meeting.

Harold Howard was the lucky winner of the 50/50 raffle. He took home \$39.

Computer Tech by Fran Robitaille

Interested in having a chip implanted in your brain? Check this out.

<https://www.pcmag.com/how-to/how-to-sign-up-for-the-neuralink-human-trials>

Here's the story of the first human to have this done. Interesting stuff.

<https://www.pcmag.com/news/first-human-to-receive-neuralink-implant-says-it-lets-him-play-civilization>

Has your iPad become unresponsive? Not responding to commands? Won't turn off? Here's a article that might help shut it down and restart. There are similar procedures for phones and other tablets. Just Google how to do a hard restart for whatever device you have. You may get lucky.

<https://www.lifewire.com/how-to-restart-ipad-1999820>

Computer Tech by Fran Robitaille

A Few Final Thoughts

What is the biggest lie in the entire universe?

I have read and agree to the Terms & Conditions.

The oldest computer can be traced back to Adam and Eve. It was an apple but with extremely limited memory. Just 1 byte. And then everything crashed.

You're never too old to learn.
